fame

Improve School Efficiency

Freedom Student Information Systems

Task Alerts

Built-in alerts notify staff about critical tasks to ensure all students' data is up-to-date.

Improved Communications

Increase student communications through the Student Mobile App and automated Document Manager.
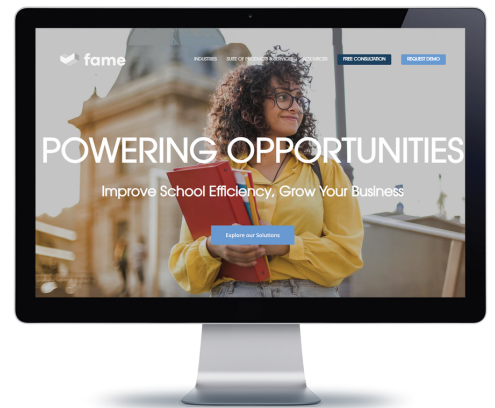

Experienced

With over four decades of experience, Fame assists schools in streamlining their processes and data management.

Integrations

Works well with other popular software solutions such as CIMA/Milady, QuickBooks, Point-of-Sale, and more.

Let us handle the details,
take a look at all the ways Fame can simplify your workflow.
