Advantage Student Information System

Helping to Improve School Efficiency

Multi-Campus Capabilities

Toggle between multiple campus accounts in dashboard view and add new school locations as you grow.

Improves Visibility for Students

Improves student progress visibility through the Student Mobile App and automated Document Manager.

Integrates with Other Software

Advantage integrates with FinAid to eliminate duplicate data entry. It also has the ability to integrate with other software, such as CIMA/Milady, Point-of-Sale, and more.

Ensures Compliance

With 45+ years of experience, Fame is an expert in helping schools ensure compliance and provide security around sensitive data.

Provides Support for Staff

Extensive reporting support with built-in alerts to notify staff about critical tasks.

Let us handle the details, take a look at all the ways Fame can simplify your workflow.
